General Principles

In accordance with the *Accessibility Standards for Customer Service, Ontario Regulation 429/07*, this policy addresses the following:

- A. The Provision of Goods and Services to Persons with Disabilities
- B. The Use of Assistive Devices
- C. The Use of Guide Dogs, Service Animals and Service Dogs
- D. The Use of Support Persons
- E. Notice of Service Disruptions
- F. Customer Feedback
- G. Training
- H. Notice of Availability and Format of Required Documents

A. The Provision of Goods and Services to Persons with Disabilities

The Halton Hills FHT will make every reasonable effort to ensure that its policies, practices and procedures are consistent with the principles of dignity, independence, integration and equal opportunity by:

- ensuring that all people receive the same value and quality;
- allowing people with disabilities to do things in their own ways, at their own pace when accessing goods and services as long as this does not present a safety risk;
- using alternative methods when possible to ensure that people with disabilities have access to the same services, in the same place and in a similar manner;
- taking into account individual needs when providing goods and services; and
- communicating in a manner that takes into account the person's disability.

B. Assistive Devices

Person's own assistive device(s):

People with disabilities may use their own assistive devices as required when accessing goods or services provided by the Halton Hills FHT.

In cases where the assistive device presents a safety concern or where accessibility might be an issue, other reasonable measures will be used to ensure the access of goods and services. For example, open flames and oxygen tanks cannot be near one another. Therefore, the accommodation of a person with an oxygen tank may involve ensuring the person is in a location that would be considered safe for both the person and the clinic. Or, where elevators are not present and where an individual requires assistive devices for the purposes of mobility, service will be provided in a location that meets the needs of the person.

C. Guide Dogs, Service Animals and Service Dogs

A person with a disability that is accompanied by guide dog, service animal or service dog will be allowed access to premises that are open to the public, unless otherwise excluded by law.

Food Service Areas:

A person with a disability that is accompanied by guide dog or service dog will be allowed access to food service areas that are open to the public unless otherwise excluded by law.

Other types of service animals are not permitted into food service areas due to the *Health Protection and Promotion Act, Ontario Regulation 562 Section 60*.

Recognizing a Guide Dog, Service Dog and/or Service Animal:

If it is not readily apparent that the animal is being used by the person for reasons relating to his or her disability, the Halton Hills FHT may request verification from the person.

Verification may include:

- a letter from a physician or nurse confirming that the person requires the animal for reasons related to the disability;
- a valid identification card signed by the Attorney General of Canada; or,
- a certificate of training from a recognized guide dog or service animal training school.

Care and Control of the Animal:

The person that is accompanied by a guide dog, service dog and/or service animal is responsible for maintaining care and control of the animal at all time.

Allergies:

If a health and safety concern presents itself, for example in the form of a severe allergy to the animal, the Halton Hills FHT will make all reasonable efforts to meet the needs of all individuals.

D. Support Persons

If a person with a disability is accompanied by a support person, the Halton Hills FHT will ensure that both are allowed to enter the premises together and that the person is not prevented from having access to the support person. No fees will be charged for the use of a support person.

There may be times where seating and availability prevent the person and support person from sitting beside each other. In these situations, the HHFHT will make every reasonable attempt to resolve the issue.

In situations where confidential information might be discussed, consent will be obtained from the person, prior to any conversation where confidential information might be discussed in the presence of the support person.

E. Notice of Disruptions in Service

Service disruptions may occur due to reasons that may or may not be within the control or knowledge of the HHFHT. In the event of any temporary disruptions to facilities or services that people with disabilities rely on to access the HHFHT's goods or services, reasonable efforts will be made to provide advance notice. In some circumstances, such as in the situation of unplanned temporary disruptions, advance notice may not be possible.

Notifications will include:

In the event that a notification needs to be posted, the following information will be included unless it is not readily available or known:

- goods or services that are disrupted or unavailable

- reason for the disruption
- anticipated duration
- a description of alternative services or options

Notifications Options:

When disruptions occur, the Halton Hills FHT will provide notice by:

- posting notices in conspicuous places including at the point of disruption, at the main entrance and the nearest accessible entrance to the service disruption and/or on the www.haltonhillsfht.com website;
- contacting people with appointments;
- verbally notifying people when they are making an appointment; or
- by any other method that may be reasonable under the circumstances.

The Halton Hills FHT shall provide the opportunity to provide feedback on the service provided to individuals with disabilities. Information about the feedback process will be readily available to all customers and notice of the process will be made available on www.haltonhillsfht.com.

Record of Training:

The Halton Hills FHT will keep a record of training that includes the dates training was provided and the number of employees who attended the training.

The Halton Hills FHT shall notify customers that the documents related to the *Accessibility Standard for Customer Service* are available upon request and in a format that takes into account the customer's disability.
